Hear what Jennifer, a mom, had to say about the virtual show!

"My children and I had the opportunity to experience a live streamed concert by Jared! From singing about his love of pizza to encouraging us all to be superheroes and love like a dog, Jared brightened our day! The online experience also reminded us that we are all still together as a proud school community. Jared's messages ring true and provide hope, now more than ever. The experience was uplifting and a welcoming change of pace. Everyone needs a Jared Campbell concert in their lives!"
